

Tuesday 10th January 2016

Dear Parents and Carers

**Re: Proposal to close Shevington Community Primary School**

You will no doubt be aware that the formal consultation period on the proposal to close Shevington Community Primary School ended on December 8th 2016.

The outcome of that consultation has now been published, and is an agenda item for the Children and Young People Scrutiny Committee. All information is available on the council website prior to the meeting on January 17<sup>th</sup> 2017.

The proposal has not changed however the agenda report does give added information about travel arrangements.

Please be assured that at all stages the Local Authority, the Governors and the staff of our schools will work to ensure that our children will receive the best solution that is possible.

Kind regards

Gerard Hurst  
Chair of Governors
